

MIG Gun TWECO #4 Torches

WELDING PROCESSES:
MIG (GMAW), Aluminum (GMAW)

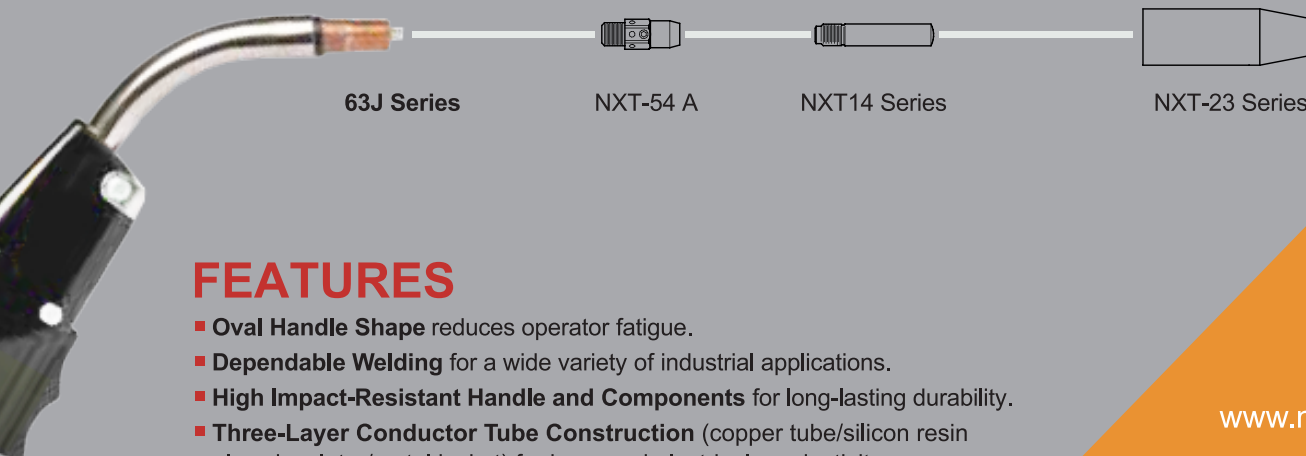

60% Duty Cycle - CO₂ Carbon Dioxide
Suitable for Medium Duty Fabrication.

Lincoln® Style Rear Connector
NXT-L415-116

Miller® Style Rear Connector
NXT-M415-116

NXT-54A
NXT14 Series
NXT24CT
NXT34CT
NXT-23 Series

FEATURES

- **Oval Handle Shape** reduces operator fatigue.
- **Dependable Welding** for a wide variety of industrial applications.
- **High Impact-Resistant Handle and Components** for long-lasting durability.
- **Three-Layer Conductor Tube Construction** (copper tube/silicon resin glass insulator/metal jacket) for improved electrical conductivity.
- **Improved Performance** with longer life consumables.
- **Heavy Duty Design** with operator appeal.
